

IMPORTANT INFORMATION

VICTORIA STREET SITE

Victoria St is the Shire's main waste management facility, comprising of:

- free presorted recycling area for sorted glass, plastics, paper and cardboard, and e-waste;
- the Materials Recovery Facility (MRF) - recycling sorting centre;
- A waste transfer trench - for garbage disposal and transfer to the Bald Hill waste facility in Jugiong;
- Scrap metal and whitegoods;
- Green waste;
- DrumMuster;
- Lead batteries, tyres and motor oil disposal;
- Asbestos and offal disposal.

REDHILL ROAD SITE

Redhill Rd is licensed to receive **inert waste only**. This includes building and construction materials, furniture, treated timber, fabrics and hard plastics.

Presorted loads of concrete, rubble and bricks can be taken to Redhill for recycling. Scrap metal should be taken to Victoria St.

NO green waste, household garbage, food scraps or liquids can be disposed of at this site.

VILLAGE FACILITIES

Village facilities are **ONLY** for household domestic waste and recycling. All other waste must be disposed of at the appropriate Victoria St or Redhill Rd site.

NO furniture, TV's, computers, whitegoods, scrap metal and fencing, building materials, liquids, car parts & tyres, dirt and soil, green waste are to be disposed of at a Village site.

Access for eligible residents is via a key system. Keys are available from Council to eligible residents.

YOUR GARBAGE, RECYCLING & GREEN WASTE BINS

- **Must** only contain the acceptable materials listed on this flyer
- **Must** have the lids completely closed when out for collection
- **Must** be at the kerbside before collection. As collection times may vary from week to week, Council recommends that you put your bin out the night before
- **Must** be placed on the kerbside facing the road, clear of trees and cars
- **Do not** tightly pack your bins as they may not be able to be emptied.

The Green waste Service is a new service - please remember **NO** food, large logs, dirt, plastic, material, garbage, bricks, rubble or paper

FLOWERS, LEAVES, WEEDS, GRASS CIPPINGS, SMALL BRANCHES (length 30cm x 10cm diameter), CUTTINGS & PRUNINGS

If you are unable to follow these simple rules your bin may not be collected.
Random bin audits are ongoing.

If you have any comments regarding your service

HANDY HINTS

Become a good sort and sort out your recycling. Contamination of recycling increases costs through double handling and disposal costs.

WE NEED YOUR HELP TO KEEP OUR WASTE SERVICES AFFORDABLE FOR YOU!!

- Keep recycling clean - **it is hand sorted** - rinse out containers in leftover dishwashing or sink water
- Remove lids and caps from bottles and jars
- Make sure paper and cardboard isn't contaminated with food, metals, glass or plastic
- Flatten your cardboard
- Don't put your recyclables in plastic bags

CHECK THE CODE SOME PLASTICS ARE NOT RECYCLABLE

The triangular symbol on plastics is not a recycling symbol. It is a plastic identification code - what type of plastic the item is made from. Check the base of the container for the code.

In Young we can recycle:
