REVISION HISTORY

<i>REVISION DATE</i>	<i>REVISION DETAILS</i>	<i>APPROVED BY</i>
04-02-2016 - V3	AMENDED 'COMMUNITY LAND CATEGORY PARKS' TABLE TO INCLUDE PROVISION FOR ISSUING LICENCES (REFER NOVEMBER 2015 COUNCIL RESOLUTION)	DIRECTOR OPERATIONS
31-05-2017 – V4	AMENDED 'JACK HOWARD RESERVE' TO INCLUDE PROVISION FOR DOG OFF LEASH PARK	DIRECTOR INFRASTRUCTURE SERVICES

INTRODUCTION

This plan has been prepared as a supporting document to the future Delivery and Operational Plans and Ten Year Financial Plan of Hilltops Council

The aim of the plan is to provide the framework within which to establish and achieve the long-term aims of the Council in relation to its Parks, Reserves and Sporting Grounds and the former Young Shire area.

In this plan the areas addressed are:

- Ø Preparation of an overall aim and core objectives for the Parks, Reserves and Sporting Grounds (Section 2)*
- Ø Identification of management issues and performance targets (Section 3)*
- Ø Identification of all Parks, Reserves and Sporting Grounds within the Shire (Section 4)*
- Ø Classification of the Parks, Reserves and Sporting Grounds areas (Section 4)*
- Ø Determination of the facility specification for Parks, Reserves and Sporting Grounds (Section 5)*
- Ø A survey audit of the deficiencies in current Parks, Reserves and Sporting Grounds when compared with the specification (Section 5)*
- Ø A costing and timetable for works to bring all Parks, Reserves and Sporting Grounds up to specification (Section 5)*
- Ø An assessment of the anticipated future life of facilities to determine when Parks, Reserves and Sporting Grounds facilities will require major refurbishment or replacement (Section 5)*
- Ø A costing and timetable for works of major refurbishment or replacement (Section 5)*

The plan provides an overview of the whole of Councils Parks, Reserves and Sporting Grounds including the overall aims and objectives. It also provides an overview (on a whole of Shire basis) in relation to deficiencies.

The plan provides a focus on the different Parks, Reserves and Sporting Grounds types. It provides a specification (particularly for the facilities) for the Parks, Reserves and Sporting Grounds types to meet the overall aims and objectives of Council. It identifies as an overview the deficiencies against the specification

The plan investigates each park individually. It provides a survey of the level of compliance of the Parks, Reserves and Sporting Grounds with the specification for its appropriate classification, works to be undertaken to meet the specification, a costing and a timeframe.

1 AIM AND CORE OBJECTIVES

The aim of the Council is to provide park, reserves and sporting ground facilities which;

- Ø meet the recreational and sporting needs of the community*
- Ø which encourage residents to participate in recreational activities*
- Ø are attractive to both residents and visitors*

- Ø *encourage tourists to stop and spend time in the Shire*
- Ø *reflect the pride of the community in its towns*

The core objectives of community land categorised as a sportsground are:

- a) To encourage, promote and facilitate recreational pursuits in the community involving organised and informal sporting activities and games, and*
- b) To ensure that such activities are managed having regard to any adverse impact on nearby residences.*

The core objectives of community land categorised as a park are:

- a) To encourage, promote and facilitate recreational, cultural, social and educational pastimes and activities, and*
- b) To provide for passive recreational activities or pastimes and for the casual playing of games, and*
- c) To improve the land in such a way as to promote and facilitate its use to achieve the other core objectives for its management.*

3 MANAGEMENT ISSUES AND ACTION PLANS

3.1 Identification of Performance Targets

Management issues are those issues that impact Council's capacity to manage community land in accordance with the objectives for categories of land and also in accordance with the principles that provide the strategic context for the provision of public open space.

Following on from the objectives for land management, is the identification of performance targets for each category and the identification of management actions to achieve these objectives and performance targets. It is then necessary to implement a process by which Council's performance in regard to meeting the plan's objectives and performance targets can be assessed.

These are shown in the following Action Plans.

3.2 Action Plans that apply to all Community Land Categories

MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Aboriginal Cultural Heritage</i>	<i>To reduce the impact of land management on Aboriginal Cultural Heritage</i>	<i>Mitigate the potential for aboriginal cultural heritage impact as a result of ground disturbance works on community land</i>	<i>Ongoing</i>	<i>Aboriginal Cultural Heritage due diligence assessments undertaken at any time ground disturbance works are to be undertaken on community land</i>
<i>Safety and Risk Management</i>	<i>To minimise the opportunity for risk of injury</i>	<i>Ensure that assets located on community land are inspected and maintained in a safe and serviceable condition</i>	<i>Annual/Monthly/Ongoing</i>	<i>Undertake formal and informal recurrent asset inspections in accordance with the Parks Inspection and Maintenance Policy.</i>
<i>Vandalism and Theft</i>	<i>To minimise the opportunity for theft or vandalism</i>	<i>Provide community land infrastructure which, by design, minimises the potential for loss due to vandalism or theft.</i>	<i>Ongoing</i>	<i>Overall reduction in vandalism and theft expenditure due to higher quality, vandal resistant materials and fixtures specified and funded for new infrastructure works.</i>
<i>Unauthorised or Illegal Activities</i>	<i>To discourage the use of land and facilities for illegal or unauthorised activity</i>	<i>Undertake the progressive installation of code of conduct signs on community land identifying illegal or unauthorised activities</i>	<i>Ongoing</i>	<i>Code of conduct signs progressively installed as resources allow. Signs in place and maintained.</i>
<i>Limitations of available resources</i>	<i>To provide an appropriate level of maintenance and facilities</i>	<i>Undertake a review of the total estate of Community Land and assess the current recreational value to the community of every park and reserve.</i>	<i>High</i>	<i>All Community Land assessed and rated for recreational value.</i>
<i>Volunteer maintenance</i>	<i>To increase the level of involvement of volunteers in land management</i>	<i>Facilitate community partnerships to achieve sustainable community land management practices.</i>	<i>Ongoing</i>	<i>Successful expansion of the existing pool of volunteers, particularly in the open space maintenance area.</i>
<i>Master Plans for the Development of High Profile Community Land</i>	<i>To increase the use and enjoyment of high profile Community Land through the development and upgrade of facilities</i>	<i>Prepare Master Plans for Community Land with high visitation rates and or in an area of High growth that identifies current and future uses and facilities.</i>	<i>Medium</i>	<i>Area identified and Master Plan developed with community input.</i>

3.3 Action Plans as they apply to Specific Community Land Categories

COMMUNITY LAND CATEGORY: PARKS				
MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Recurrent maintenance practices</i>	<i>To maintain land to meet community expectations within budgetary constraints</i>	<i>Undertake recurrent park maintenance to measured targets within available resources.</i>	<i>Ongoing</i>	<i>Recurrent park maintenance carried out in accordance with parks maintenance works programs.</i>
<i>Neighbouring properties</i>	<i>To minimise adverse impact on surrounding properties</i>	<i>Manage parks and parks assets to minimise adverse impact on neighbouring properties</i>	<i>Ongoing/as required</i>	<i>Limited customer requests from adjoining property owners in relation to substantiated adverse impacts emanating from parks.</i>
<i>Lease agreements for parks</i>	<i>Implement leases to ensure appropriate usage</i>	<i>Grant leases to organisations for use of parks as defined under section 46 of the Local Government Act</i>	<i>Ongoing/ as required</i>	<i>Leases granted as deemed appropriate.</i>

COMMUNITY LAND CATEGORY: SPORTS GROUNDS				
MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Sports Ground Utilisation</i>	<i>To achieve an appropriate level of patronage</i>	<i>Encourage and facilitate the use of all sports grounds within the carrying capacity of each facility</i>	<i>Ongoing</i>	<i>Overuse of sports grounds avoided with desirable levels of use achieved.</i>
<i>Unauthorised vehicular access</i>	<i>To limit impact of unauthorised vehicular access</i>	<i>Prohibit and prevent unauthorised vehicular access to sports grounds.</i>	<i>Ongoing</i>	<i>Unauthorised vehicular access is restricted by the erection of signage, the installation of adequate barriers, and regulation. Emergency access maintained.</i>
<i>Sports ground closure</i>	<i>To close grounds when required</i>	<i>Maintain a sports ground closure protocol that minimises both the risk to users, and the potential for damage to the sports ground, as a result of either wet weather or ground renovation.</i>	<i>Ongoing/seasonal</i>	<i>Sports ground closure protocol communicated to users and regulated.</i>
<i>Neighbouring properties</i>	<i>To minimise adverse impact on surrounding properties</i>	<i>Design new sports ground facilities to avoid adverse impact on neighbouring properties.</i>	<i>Ongoing</i>	<i>Appropriate consideration given at sports ground design stage for the potential for facilities to have an adverse impact on neighbouring properties.</i>
<i>Lease agreements for sports grounds</i>	<i>Implement leases to ensure appropriate usage</i>	<i>Grant leases to recreational and sporting organisations for appropriate use of sports grounds.</i>	<i>Ongoing/ as required</i>	<i>Leases granted as deemed appropriate.</i>
<i>Recurrent maintenance practices</i>	<i>To maintain grounds to meet community expectations within budgetary constraints</i>	<i>Undertake recurrent sports ground maintenance to measured targets within available resources.</i>	<i>Ongoing</i>	<i>Recurrent sports ground maintenance carried out in accordance with parks maintenance works programs.</i>

COMMUNITY LAND CATEGORY: GENERAL COMMUNITY USE				
MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Neighbouring properties</i>	<i>To minimise adverse impact on surrounding properties</i>	<i>Manage general community use/undeveloped community land to minimise adverse impact on neighbouring properties</i>	<i>Ongoing/as required</i>	<i>Limited customer requests from adjoining property owners in relation to substantiated adverse impacts emanating from general community use/undeveloped community land.</i>
<i>Recurrent maintenance practices</i>	<i>To maintain assets to meet community expectations within budgetary constraints</i>	<i>Undertake recurrent maintenance of general use/undeveloped community land to measured targets within available resources.</i>	<i>Ongoing</i>	<i>Recurrent maintenance of general use/undeveloped community land carried out in accordance with parks maintenance works programs.</i>
<i>Rubbish dumping</i>	<i>To minimise the occurrence and impact of illegal dumping</i>	<i>The introduction of Waste Management education programs, increased surveillance and regulation by Rangers, and signage where required are all measures which may reduce the incidence of rubbish dumping on general community use/undeveloped open space. Actions at specific sites will be determined by the availability of resources.</i>	<i>Ongoing</i>	<i>Introduction of substantive measures resulting in a reduction in the number of instances of rubbish dumping at general community use/undeveloped open space.</i>

COMMUNITY LAND CATEGORY: NATURAL AREAS				
MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Strategic approach to Natural Area management</i>	<i>To implement a coordinated approach to management of natural areas</i>	<i>The management of all natural area sub categories remains largely unfunded, and is therefore characterised by a fragmented and disjointed approach. The preparation of a strategic plan will identify how and where the limited resources available will offer the greatest value to the community.</i>	<i>Ongoing</i>	<i>Preparation and implementation of a strategic plan for the management of community land categorised as a natural area.</i>
<i>Rubbish dumping</i>	<i>To minimise the occurrence and impact of illegal dumping</i>	<i>The introduction of Waste Management education programs, increased surveillance and regulation by Rangers, and signage where required are all measures which may reduce the incidence of rubbish dumping in natural areas. Actions will be determined by the availability of resources.</i>	<i>Ongoing</i>	<i>Introduction of substantive measures resulting in a reduction in the number of instances of rubbish dumping in natural areas.</i>
<i>Invasive noxious or exotic flora and fauna</i>	<i>To minimise the spread of exotics where possible within budgetary constraints</i>	<i>Investigate options to improve processes around the identification and control of noxious or exotic flora and fauna in natural areas. Explore external funding and community partnerships.</i>	<i>Ongoing</i>	<i>In conjunction with the preparation of the natural area strategic plan identify options to enable an elevated capacity to control noxious or exotic flora and fauna. Implement recommendations of the natural area strategic plan as resources allow.</i>

NATURAL AREAS (cont.)				
MANAGEMENT ISSUE	PERFORMANCE TARGET	MANAGEMENT ACTION	PRIORITY	PERFORMANCE ASSESSMENT
<i>Threatened species management</i>	<i>Minimise adverse impacts upon threatened species</i>	<i>Ensure that parks maintenance operations do not adversely impact on threatened flora and fauna, or the habitat of threatened flora and fauna, in accordance with the Threatened Species Act.</i>	<i>ongoing</i>	<i>Stage 1 - assess existing maintenance practices in conjunction with the natural area strategic plan to identify the potential for threatened species issues. Stage 2 - implement any recommendations adopted as a result of the strategic plan - natural areas.</i>
<i>Fire management</i>	<i>To minimise impact of fires on adjoining residential properties and enable access for fire fighting personnel</i>	<i>Minimise the fire risk to private properties adjacent to natural areas by maintaining fire trails and fire breaks where an urban interface has been identified and a risk exists (RFS Bushfire Management Committee)</i>	<i>Ongoing</i>	<i>Fire trails and fire breaks subject to programmed recurrent maintenance within the scope of annual budget allocations (Council or RFS)</i>
<i>Neighbouring properties</i>	<i>To minimise adverse impact on surrounding properties</i>	<i>Manage natural area assets to minimise adverse impact on neighbouring properties</i>	<i>Ongoing/as required</i>	<i>Limited customer requests from adjoining property owners in relation to substantiated adverse impacts emanating from natural areas.</i>

NB.

- A separate Action Plan has not been developed for an Area of Cultural Significance as there is currently no land categorised within this category.
- Separate Action Plans for the Natural Area sub-categories of Bushland, Escarpment and Watercourse have not been provided as there is no land identified within these categories.

3.4 Assessment and Review

Young Shire Council is responsible for implementation of the Parks, Reserves and Sporting Grounds Management Plan. All work and activities on community land will be undertaken in accordance with the provisions of the management plan.

The Parks, Reserves and Sporting Grounds Management Plan provides the basis for management of community land; the means of achieving actions is by way of Council's integrated planning process.

The Young Community Strategic Plan identifies the following strategy: Sport, recreation, leisure and cultural programmes and facilities that contribute to the well-being of the Community. Council's Delivery Plan and annual Operational Plan detail the strategic and operational actions required to complete this strategy.

Actions identified in the Parks, Reserves and Sporting Grounds Management Plan will be integrated into Council's integrated planning process and annual Operational Plan. Preparation of the annual Operational Plan serves to prioritise works and develop key performance indicators relating to management of public open space. Achievements against these are then recorded in quarterly reviews.

The plan must remain consistent with community expectations and the changing requirements of users. It is proposed therefore to monitor the plan annually for effectiveness. A more complete review of the plan will occur every five years to allow for policy and planning issues to be updated.

4 CLASSIFICATION OF PARKS, RESERVES AND SPORTING GROUNDS:

The Parks, Reserves and Sporting Grounds have been classified into the following groups.

- *Regional & District Parks*
- *Local Parks, Pocket Parks and Maintained Reserves*
- *Outdoor Sporting Areas/Sports Grounds*
- *Gardens*
- *Linear Parks/Linkages -- Approaches to Town*
- *Buildings & Properties*

This classification has been done to provide a better focus on what each classification should be providing in the way of facilities to provide an acceptable level of service.

4.1 Regional & District Parks

These are generally provided for structured and unstructured recreation. They cater for family or group outings and are generally equipped with barbecue and picnic facilities. They generally contain children's play equipment, which is more sophisticated than that provided in pocket or local parks. They also sometimes contain other facilities such as fitness tracks and car parks. They are sites of greater than Local Park significance, which attract and support longer duration visits than local parks. They are approximately 3 hectares in size and within 2 kilometres of most households.

These include;

- *Anderson Park*
- *Carrington Park*
- *Apex Park*
- *Arboretum Park*
- *Captain Cook Weir*
- *Chinaman's Dam Reserve*
- *Chinese Tribute Gardens*
- *Rintoul Park*
- *Rotary Park*

4.2 Local Parks and Pocket Parks

These are generally small open space areas that provide unrestricted space to service the immediate neighbourhood. Pocket Parks are those neighbourhood play areas which have been designed for use at the local level, have a target user group of 0-9 years, and are generally positioned within a 300-500 metre radius of every home. They generally provide items of play equipment and park furniture. The local parks in the villages may have additional facilities such as toilets, BBQ and picnic tables. Local parks are approximately up to 1 hectare in size, while pocket parks are approximately 500m² in size (single house block).

These include;

Local Parks

- *E.T O'Cass Park*
- *Fraser Park*
- *Lazzarini Park*
- *Rotaract Park*
- *Tresilian Park*

Pocket Parks

- *Bob Hardy Park*
- *Heritage Hill Park*
- *Horton Park*
- *Sheehan Park*

Village Parks

- *Bendick Murrell Parks & Gardens*
- *Bribbaree Parks & Gardens*
- *Crowther Parks & Gardens*
- *Koorawatha Parks & Gardens*
- *Monteagle Parks & Gardens*
- *Murringo Parks & Gardens*
- *Tout Park*
- *Wirrimah Park*
- *Other Rural areas*

4.3 Maintained Park Reserves

There are generally open spare areas which are mown or slashed by Council. They are less “formal” than a park or pocket park and have little or no infrastructure.

These include;

- *Cartwright Park*
- *Eric Smith Park*
- *Peter Page Walk*
- *J.P Johnson Park*
- *Lupton’s Lookout Park*
- *Blackguard Gully Park*
- *N.W.L Eastlake Park*
- *Bette Booker Park*
- *Burrangong Creek Park Reserve*
- *Chance Gully Reserve*
- *Len Hardy Reserve*
- *Jack Howard Reserve*
- *Penson Park*
- *Sackett Reserve*
- *Rocky Hill Reserve*
- *Spring Street Reserve*
- *Jake Miller drainage Reserve*
- *Victoria Gully*

4.4 Outdoor Sporting Areas/Sportsgrounds

These are generally open space areas which cater for structured competitive sport within the set dimensions required by the respective sporting code. They can be a component of other parkland areas. Car parking and associated amenity facilities are generally provided in these areas.

These include;

- *Alfred Oval*
- *Cranfield Oval*
- *Gus Smith Oval*
- *Hall Brothers Oval*
- *Jack Bond Oval*
- *Keith Cullen Oval*
- *Miller Henry Oval – Burrangong*
- *Sawpit Gully Oval*
- *Sports Stadium / Netball Courts*

4.5 Gardens

These include the CBD Roundabouts & Gardens

4.6 Linear Parks/Linkages - Approaches to Town

These are generally linear linkages between other parks and public access facilities. These often link nodes or smaller open space areas, or provide extensive linkages along areas such as foreshore or creeks. These open space areas often contain off-road walking and cycle tracks and create excellent habitat corridors for the wildlife of the area. (A)

These include;

Town Approaches

- *from Hill Street to town (Olympic Highway)*
- *from Malvicinos Road to town (Olympic Highway)*
- *from Reynolds Lane to town (Henry Lawson Way)*
- *from Showground to town (Murringo Road)*
- *from Chillingworks Road to town (Milvale Road)*
- *from Gus Smith Oval to town (Kingsvale Road)*
- *from Western Avenue to town (Moppity Road)*

Median Strips

- *Allanan Street, Young*
- *Binalong Street, Young*
- *Edward Street, Young*
- *Yass Street, Young*

4.7 Buildings & Properties

These include;

- *Library*
- *Council Chambers*
- *Village Cemeteries*

5 CAPITAL WORKS SPECIFICATION, SURVEY AND AUDIT

This section of the plan identifies the general specification for facilities for each classification of park, garden or sporting ground. The parks, gardens and sporting grounds are then surveyed and audited against the specification to identify deficiencies in the level of facilities provided by Council. Note the specification is a guide and not every location will require each item identified.

5.1 Regional & District Parks

5.1.1 Anderson Park

Facility Name:	Anderson Park
Asset Number	PRR01
Classification:	Regional & District Parks
Location:	Lovell Street Young

General Description – Established in 1908, featuring a row of majestic London Plan trees and open lawns fronting the Railway Station. The park has developed over the years to include RSL memorials, fenced play ground and picnic facilities, all within walking distance of the CBD and Tourist Office. It is also the site community events and farmers market.

Uses		
Summer	Passive recreation	Children's play
Winter	Passive recreation	Children's play

Facility Specification (based on classification)		
Item	Y/N	Comment
Remote Area Signage	N	Install signs as per the FVR as per the policy
Barbecue & Picnic shelter	Y	
Benches /seats	Y	
Rotunda/gazebo/bandstand	N	
Maintained grass area	Y	
Plants (landscaped gardens)	Y	
Floral Display Gardens	Y	
Irrigation	Y	Automatic
Parking area	Y	
Trees	Y	
Rubbish bins	Y	
Picnic Tables	Y	
Toilet block	Y	At Tourist Office
Lighting	Y	
Play equipment	Y	
Cover over play equipment	N	
Trees	Y	
Vehicle Barrier/ Logs	N	

Possible Asset Renewals and Asset Upgrades		
Item	Cost (Est)	Comment
Remote area signage	\$860	
Garbage bins (6)	\$3,000	Enclosed bin surround

5.1.2 Carrington Park

Facility Name:	Carrington Park
Asset Number :	PRR09
Classification:	Regional & District Parks
Location:	Campbell Street, Young

General Description – Formally Young Park, established in 1889 and renamed in honour of Lord Carrington. It sits within the historic precinct of Young, its original formal design featured a central path flanked by formal hedges, planting of exotic trees and shrubs and electric lighting was installed in 1889. The closure of Currawong St in 1926 saw the park increase in size with the inclusion of public toilets, Band Rotunda and band room. Later developments are children’s play ground, covered picnic and car parking.

Uses		
Summer	Passive recreation	Children’s play
Winter	Passive recreation	Children’s play

Facility Specification (based on classification)		
Item	Y/N	Comment
Remote Area Signage	N	Install signs as per the FVR as per the policy
Barbecue & Picnic shelter	Y	
Benches /seats	Y	
Rotunda/gazebo/bandstand	Y	
Maintained grass area	Y

Play equipment	Y	
Cover over play equipment	Y	
Vehicle Barrier/ Logs	Y/N	Not around whole of perimeter

Possible Asset Renewals and Asset Upgrades		
Item	Cost (Est)	Comment
Remote area signage	\$1,610	Install new
Replace old benches & picnic tables	\$12,000	2 x benches & 4 x picnic tables

5.1.3 Apex Park

Facility Name:	Apex Park
Asset Number :	PRR02
Classification:	Regional & District Parks
Location:	Campbell Street Young

General Description – Part of the Burrangong Creek Parklands. Historically significant as it's where gold was first discovered in Young. In the 1980's was significantly redeveloped through the bicentennial project, featuring Lambing Flat Weir, picnic facilities, landscaping and pathways that forms part of the urban cycleway.

Uses		
Summer	Passive recreation	
Winter	Passive recreation	

Facility Specification (based on classification)		
Item	Y/N	Comment
Remote Area Signage	N	Install signs as per the FVR as per the policy
Barbecue and Picnic Shelter	Y	
Benches /seats	Y	
Rotunda/gazebo/bandstand	N	
Maintained grass area	Y	
Plants (landscaped gardens)	Y	
Floral Display Gardens	N

5.7 Capital Works Summary

5.7.1 Young Sportsfields

In mid 2007 Council requested sporting associations to provide their 'wish lists' for sporting facilities improvements in Young. A summary of issues identified follows:

Common Issue	Issue Raised By (sporting association)
<i>Increased playing field area</i>	<i>Cricket, soccer, AFL, netball, rugby union</i>
<i>Improved facilities at Hall Brothers including carpark sealing, home and away changerooms, multi purpose goalposts and toilets</i>	<i>Junior and senior rugby union, netball, soccer (training and gala day)</i>
<i>Improved facilities at Gus Smith including carpark sealing, shelter and toilets</i>	<i>Soccer, cricket, little A's</i>
<i>Improved lighting: Cranfield, Hall Brothers, Alfred Ovals</i>	<i>Cricket, soccer, rugby union, greyhounds</i>
<i>Playing surface improvements</i>	<i>Cricket, rugby union, soccer, hockey, little A's</i>

A forward plan of capital works to meet users needs has been prepared.

The steps in preparing the forward plan were:

- *adopt a minimum specification for sportsfield facilities*
- *audit each existing facility against the specification*
- *identify projects required to raise each existing facility to meet the specification*

The proposed minimum specification for sportsfields is as follows:

Specification	Reasoning
<i>Lighting to provide 100 Lux minimum as a training standard</i>	<i>To allow for the full utilisation of existing facilities for training</i>
<i>Toilets and changerooms provided</i>	<i>To provide a suitable standard of facilities at all sportsfields</i>
<i>Carparking sealed and linemarked.</i>	<i>To improve road safety at all facilities used for junior sport</i>
<i>Playing surface provided with automated underground irrigation</i>	<i>To improve playing field surface and to reduce costs associated with manual watering</i>

Council's sportsfields have been audited against this minimum specification and a list of projects to bring them all to the minimum standard was prepared.

The list of projects identified using the process matches well with the issues identified by the user groups. A forward program of capital works has been prepared to deliver the projects (refer attachments). The project priorities have been discussed through Council's Sports Advisory Committee.

Total	\$1,278,50	\$92,500	\$94,000	\$87,500	\$87,500	\$105,000	\$53,000	\$75,000	\$75,000	\$85,000	\$100,000	\$150,000	\$83,000

5.7.2 Young Parks and Reserves

To date, a long term forward plan of capital works to meet user's needs has not been prepared.

A 'first draft' forward plan has been prepared based on the following principles:

- asset renewal of ageing play equipment is required in Council's local parks*
- modern installations of play equipment should consider useability in summer and shade cover or tree cover is an important factor*
- the Chinamans Dam reserve and Chinese Tribute Gardens are recognised in Council's strategic planning documents as being important to regional tourism*

The list of projects identified has been collated into a forward program of capital works to deliver the projects. There has been no consultation as yet on project priorities.

5.7.2 Parks and Reserves

Parks Forward Plan

			1	2	3	4	5	6	7	8	9	10
Park / Reserve	Project	Estimate	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
All Parks & Sporting fields.	Signage as remote supervision	\$30,700	\$30,700
